Why Richards-Wilcox?

Celebrating Over 110 Years In Business

Incorporated in 1912, Richards-Wilcox® was the first company in Canada to introduce sectional overhead doors and establish nationwide distribution channels. In the 1970s, R-W launched a full line of steel sectional doors. In the 1980s, we began production of continuous polyurethane-insulated sections. This was one of only three lines of its kind in North America.

The subsequent decades have brought continual improvements to our product offerings and manufacturing processes, including the addition of a full range of residential polyurethane insulated sectional doors. R-W is proud of our rich history of excellence. We are committed to being innovators of sectional door design and to manufacturing the highest quality door systems in the world.

Quality Production

Every aspect of our manufacturing operation is subject to the highest standards. Our team of engineers is dedicated to researching state-of-the-art design and production methods. An in-house testing facility and uncompromising quality control inspections make certain that only premium products leave the premises. Using the best available materials and technology guarantees that the finished door system will be reliable, strong, and worry-free for years to come.

Authorized Dealers

A door is only as good as its installation. That's why our doors are only installed by authorized dealers. This process ensures that every installation meets our standards of quality.

Made In Canada

Richards-Wilcox® has been in business for over 110 years; from parts, to hardware and panels, R-W doors are proudly made in Canada.

Lifetimer™ Warranty

When you choose R-W, you've chosen the best garage door you can buy and we'll back that up in writing with our Limited Lifetimer™ warranty.

The Landmark™ Series

All Doors Feature

Neufoam™ Insulation
Continuous polyurethane insulated core of high density foam resulting in energy saving R-Values.

Pre-Painted Galvanized Steel Sheets
High-strength, rust-resistant and available in up to 12 colours to match the beauty of your home. No additional material (eg. wood) is used on our doors.

Weatherlock™ Section Joint
R-W's modified tongue and groove joint moves the joint closer to the exterior of the door face to limit air and water infiltration, while providing unyielding section strength and integrity.

Bulb Seal
Prevents air leaks.

Thermal Break
Prevents heat transfer and air infiltration.

Galvanized Steel Endcaps
Heavy duty for additional strength.

Arctic-Grade Bulb-Shaped Bottom Seal
Rust resistant aluminum retainer that increases the strength of the bottom edge of the door.

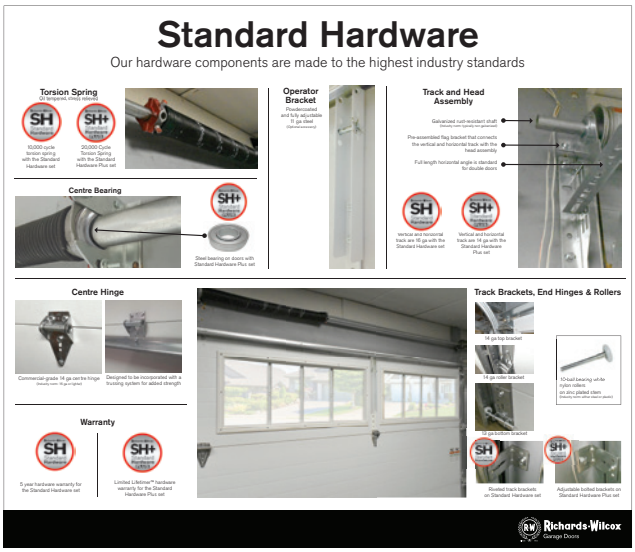
- Features a locking collar bearing on single spring doors
- Lifetime warranty

Both SH and SH+ are available in these headroom configurations.

- High lift
- Standard lift 12" radius
- Standard lift 15" radius
- Low headroom front-mount
- Low headroom rear-mount

Learn more about Standard Hardware with our online poster.



Landmark® Warranty

Limited Lifetimer™ Warranty

Richards-Wilcox warrants door sections against deterioration due to “rust through” and/or "delamination" and all hardware components (see below for spring detail) used in the door system against defects in material and workmanship as follows:

- In residential single-family installations, for as long as the original purchaser owns the home;

- Trim boards on Briarcrest., Echo Ridge & Echo Ridge XL door systems are warranted against delamination for a period of five (5) years.

- Standard Hardware components are warranted for five (5) years. Standard Hardware Plus hardware components are warranted for as long as the original purchaser owns the home.

Springs

Richards-Wilcox warrants all spring assemblies used in the door system against defects in material and workmanship as follows:

- In residential single-family installations, for a period of five (5) years from the date of delivery to the original purchaser.

Glass

Richards-Wilcox warrants its sealed glass windows for five years from the time of purchase against the formation of condensation within the sealed unit. Richards-Wilcox will only replace the windows if there is a seal failure. Broken or cracked glass is not covered by any warranty. This warranty does not cover windows or window parts that have been removed from an initial installation and reinstalled in any structure.

Painting

Your Richards-Wilcox residential garage door is already protected with a long-lasting finish. No additional painting is required. R-W will not warrant any instances of rust, blistering or delamination if third-party paint is applied after purchase.

For more warranty information please see rwdoors.com.
